COUNTER-ATTACKS CHECK RUSSIAN DRIVE IN DONETS BASIN

German Jabs In Northern Tunisia Repulsed By Allies

Soviets Continue To Grind Forward West Of Kharkov

London, March 1.—(P)—A desperate German effort to stave off further disasters in Russia apparently has checked the forces of Gen. N. F. Vatutin in the Donets Basin, but the Russians reported today the Red army was continuing to grind forward west of Kharkov toward the rail junction of Poltava and the Dnieper river.

The Russian midnight communique did not concede the German claim that Kramatorsk and Lozovaya, south of Kharkov, had been recaptured by the Germans, but it did say the Germans were counter-attacking furiously and "hastily bringing up fresh troops and throwing them into action."

The German communique, as broadcast by the Berlin radio, said Kramatorsk and Lozovaya were taken by storm and "particularly high losses in men and material were inflicted on the enemy." Some units of the Russian army have been enveloped and are "gradually being destroyed," the German communique said.

The Russian communique, issued hours later and recorded by the Soviet Monitor in London, said that in the Kramatorsk area, about 60 miles east of Lozovaya, Russian forces were engaged in repelling serious counterattacks by enemy tanks and mobile infantry.

The Germans left 500 dead on the field of battle in this sector and 30 tanks and a large number of other vehicles were smashed, the Russians said.

Red army troops threw back a counterattack launched by the Germans southwest of Voroshilovgrad, and pushing the retreating Nazis, captured another populated place and took about 100 prisoners, the Soviet mid-day communique said.

The bulletin announced that the Germans had been driven from more communities west of Kharkov and Kursk and that the fighting for one of these places two companies of enemy infantry were routed. War material and prisoners also were taken.

In one sector west of Kursk, the Germans counterattacked, but were repulsed and withdrew from the battlefield leaving 200 dead, it was announced. In one sector five artillery dumps and about 500 tons of grain were captured.

The Soviet mid-day bulletin said that two large populated places had been captured by the (Turn to Page Seven)

AXIS LEADERS REACH COMPLETE AGREEMENT

By the Associated Press
Joachim von Ribbentrop and Premier Mussolini were reported in a Rome dispatch broadcast by the Berlin radio today to have reached—in a familiar Axis phrase—a "complete agreement of views" on the prosecution of the war to final victory during newly-concluded conversations in the Italian capital.

The Nazi foreign minister presented Mussolini a personal message from Hitler and both sides emphasized a determination "to wage war with all the necessary energy until complete annihilation of the enemy forces and until final removal of the deadly danger of Bolshevism of Europe," a communique was quoted.

The broadcast was recorded by the Associated Press.

RAF Smashes St. Nazaire U-Boat Base

London, March 1.—(P)—Royal Air Force bombers smashed "very heavily" at the submarine base at St. Nazaire, France, and attacked targets in western Germany last night, it was announced officially today.

Five bombers were missing from the raid, which carried through the fourth night the non-stop Allied aerial offensive against Germany and the Axis-occupied continental countries.

Yesterday British Whirlwinds attacked the German airbase at Aupertus near Cherbourg, while eight Mosquitoes bombed factories at Hengelo in Holland and near Liege in Belgium—all without the loss of a plane.

Last night's raid brought to 33 the number of attacks on western Europe carried out by British and Allied bombers in February, and well-placed observers estimated that the total amount of explosives that had been dropped probably exceeded 10,000 tons.

American airmen have played an increasing role in the Allied offensive. U. S. Flying Fortresses and Liberators have struck at Europe five times during February at a cost of 20 bombers.

DECREASE IN PRODUCTION LAGS SOUGHT

"Work or Fight" Legislation One of Most Important Items Now Before Congress

DRAFT IS CONSIDERED

By the Associated Press
Washington, Mar. 1.—Seeking to decrease production lags in war industries, congress tackled "work or fight" legislation today as the nation started its large-scale wartime food ration program.

Alarmed at industrial absenteeism, the house scheduled consideration of a measure providing for the possible drafting by the armed forces of navy yard workers who stay away from their jobs without good cause.

Senator Bankhead (D-Ala.) sought immediate action by the senate military committee on his bill to halt military induction of farm workers, a practice he contends is resulting in serious labor shortages in some agricultural areas.

Bankhead said the armed forces of navy yard workers who stay away from their jobs without good cause.

Crowded into the program on the house floor and before committees are measures vital to affecting labor, men of draft age, the aviation industry, the food production effort and the war and lend-lease programs.

While the farm bloc sought clearance from the rules committee for legislation to revise the farm parity formula and to reopen the price control law, Democratic Leader McCormack of Massachusetts scheduled for house action today a bill aimed at putting army or navy uniforms on navy yard workers who habitually absent themselves from their jobs.

Chairman Vinson of the naval committee announced that Capt. Eddie Rickenbacker, who has been critical of the progress of war production, would be asked to testify on the subject. The views of Secretary of the Navy Knox and (Turn to Page Seven)

69 Are Still Imprisoned In Montana Mine

BY LIFE ERICKSON

Bearcreek, Mont., Mar. 1.—(P)—Ninety, silent relatives of 69 miners imprisoned in the Smith Coal mine since an explosion Saturday waited today while rescuers combatted deadly gases with an emergency air blower set deep in the hillside mine.

At least five miners were known dead from the blast. Their bodies were recovered.

Seven other bodies, a source who refused to be quoted said last night, have been located but could not immediately be brought out because of conditions in the tunnel.

Wary rescuers working coming out of the mine this morning said that it might be 24 hours before the gas could be cleared from the shafts. Rescue operations were hindered by the lack of an electric light system in the depths of the mine and the distance (about three miles) from the entrance to the farthest reaches of the tunnels.

Wives, mothers and sisters waited stoically in the face of rapidly vanishing hopes that the entombed men could still be alive. The miners had been without food since about 10 a. m. (MST) Saturday. (Turn to Page Seven)

BOY FOUND DROWNED

Tamaqua, March 1.—(P)—The body of Lamont Smith, Jr., missing since last Sunday, was found yesterday in the Schuylkill river. The 14-year-old Boy Scout and a companion, Billy Herring, 12, were knocked into Locust creek when an ice jam broke a footbridge on which they were standing. Herring escaped by grasping a branch of a tree.

FEDERAL FOOD STAMP PLAN IS TERMINATED

Harrisburg, March 1.—(P)—State Supervisor Theodore J. Wilson of the Food Distribution Administration advised Pennsylvania relief recipients they have until midnight, March 31, to redeem remaining stamps of the discontinued federal surplus food program.

Formerly in operation in 42 counties, with 80,000 needy persons and 13,000 food dealers participating, the plan ended at midnight yesterday because food supplies, which it was designed to distribute, no longer exist.

Running of Privately-Owned Buses Banned By ODT Order

Washington, March 1.—(P)—Privately-owned buses will be brought under the same prohibitions against non-essential service already in effect for vehicles operated in charter service by transportation companies, the Office of Defense Transportation announced today.

Effective March 15, the order abolishes all so-called "free" service, even where the bus is owned and operated by a private organization for the convenience of its own members or other restricted groups.

The order prohibits such services by privately-owned buses as: Special transportation to race tracks, golf clubs, beach clubs, riding academies, night clubs and

Check-up On Driving Ban Is Extensive

Hundreds of Motorists in Eastern Part of State Caught in Dragnet

NUMBER BOOKS SEIZED

Philadelphia, Mar. 1.—(P)—In the most extensive drive yet undertaken against unessential driving in this area, 2,250 motorists were cited as violators by OPA and police over the weekend in Philadelphia and seven nearby counties.

Investigators said 10 per cent of all motorists stopped for questioning were found to be violators. The coupons of 51 motorists were lifted and the other names will be turned over to rationing boards.

PHILADELPHIA AND SUBURBS, 10 BOOKS LIFTED

Philadelphia and suburbs, 10 books lifted, 495 names cited; Allentown, four books, 280 names; Bethlehem, five books, 425 names; Reading, eight books, 356 names; Easton, 15 books, 359 names; Doylestown, one book, 27 names; Quakertown, one book, 28 names; and Boyertown, two books, eight names.

OPA agents, carrying out plans announced Saturday, operated in and around many large communities Saturday night and Sunday, and unofficial reports indicated that the total of drivers cited for violations might reach several thousand.

Allentown and Pottstown were typical examples. At Allentown it was reported 250 cars were checked in the business and theater districts Saturday night and 350 more on Sunday.

Sunday, Agents commented that 50 per cent of the driving was not essential. Six agents checked some 200 motorists near Pottstown early Sunday, and another 300 during the afternoon. Of the afternoon tourists, the investigators reported "five out of six" (Turn to Page Two)

Strike Delays Operations At Heinz Plant

Pittsburgh, March 1.—(P)—A strike today curtailed operations at the H. J. Heinz plant, engaged in canning food for the armed forces and working on airplane parts.

A company spokesman who asked that his name not be used said the management was not notified of any reason for the strike.

"The only information we have on the subject is this: 'The union president and one of the union members got into a fight in the plant Saturday. The company suspended both of them.'"

The spokesman added that the strike occurred at a time "when we are being pressed by the government to deliver war products promptly."

G. H. June, international representative of the AFL-CIO, said that the union was not notified of any reason for the strike. He said the union was not notified of any reason for the strike.

"I went over this morning and they were out," June continued. "The people in general were disgusted and just walked out. That's all we know about it right now," Eisenhower said.

Deputy Sheriff Charles E. Dolan, attracted to the ranch last night by the desolation and plight of the stock, discovered the tragedy—the worst in this area since the dinner party, marooned in a mountain pass, starved to death in the cold in the gold rush days.

"We can't figure out what happened," said Sheriff Charles A. Silva. "All I know is that they hadn't been on the farm long and didn't have many visitors."

JAPS ACTIVE IN AREA NORTH OF AUSTRALIA

Ring of Islands Being Reinforced in All Categories of Enemy Strength

THE FAR PACIFIC FRONT

By the Associated Press
The United Nations were put on notice by Gen. Douglas MacArthur today that the Japanese, who for months have not attempted any large-scale offensive enterprise, are concentrating their main strength in the ring of islands stretching for 2,000 miles or more to the north of Australia.

"Our air reconnaissance over the past weeks reports a constant and growing reinforcement in all categories of enemy strength in the island perimeter enveloping the upper half of Australia," said the Allied headquarters communique issued in Australia.

This announcement was supplemented by a headquarters spokesman who said the Japanese preparations might be either for defense or offense, and was matched by a statement by Admiral Chester W. Nimitz, commander in chief of the United States Pacific fleet, indicating that the U. S. navy might have some cards up its sleeve.

This statement was taken in some quarters as a hint that the navy was about ready for some offensive action aimed eventually at bringing not only American air power, but American artillery, within range of the Japanese homeland.

Meanwhile American and Australian troops which have smashed one Japanese army of 15,000 in New Guinea were declared to have driven the Japanese back about 50 miles from Wau, site of an Allied airfield in northeastern New Guinea.

In other far Pacific areas, American airmen were busy striking blows in China and Burma.

Other American fliers from India were reported in a communique to have damaged, and probably sunk, a 7,000-ton merchant ship south of Rangoon, big Burma port, and to have spread devastation among warehouses and ammunition dumps at Waingmaw, a Japanese base in northern Burma used for the Yunnan drive.

PITTSBURGH PROTESTS CHANGE IN CAA PLANS

Pittsburgh, March 1.—(P)—Allegheny county commissioners sent their solicitor, Walter Smart, and his assistant, John J. O'Connell, to Washington today to protest a government order transferring Civil Aeronautics Administration training for student pilots from Bettis airport to the Pittsburgh-Butler airport.

The commissioners said the student pilots, assigned to the University of Pittsburgh, are only seven miles from Bettis airport, but more than 20 miles from the Pittsburgh-Butler field. The transfer, they contended, would waste gasoline and tires and require more time for the students to travel to and from the more distant airport.

CHAPMAN IS BUSY

Harrisburg, March 1.—(P)—Members of the general assembly returned to the state capital today for the 9th week of the 1943 session, ready to receive Governor Martin's budget recommendations.

The governor's budget recommendations, which he said will include a \$40,000,000 tax wash, at a joint session of the house and senate at 9:30 p. m.

Republican leaders have promised prompt action on the chief executive's recommendations. Senator Leroy E. Chapman (R-Warren) and Rep. Norman Wood (R-Lancaster), chairmen respectively of the senate and house appropriations committees, summoned their groups to begin study of the program.

The committees will work together on expense items, although all revenue measures must originate in the house.

Free Seeds For Family Gardens are Suggested

Washington, March 1.—(P)—Don't look in the mailbox now, but free seeds such as congressmen used to mail your father 20 years ago may be on the way back to grow in victory gardens.

As a quick step to encourage family gardens when every pound of food is important, Chairman Smith (D-SC) of the senate agriculture committee today made plans to discuss free seeds with Secretary Wickard.

Officials sat back to hear the moans of housewives and clerks, regarded as inevitable at least for a few days until people get used to the "point system."

Stores were invited to call local war boards or chambers of commerce to get such a trained "answerer" to come and help out right in the store.

Local Officer Is Wounded In N. Africa

A telegram received this morning from the War Department in Washington, D. C., informed Mr. and Mrs. W. O. Jones, 104 Palm avenue, that their son, First Lt. Francis W. Jones, had been wounded in action while serving with the armed forces in north West Africa.

A member of the Reserve Officers Corps, young Jones entered the armed forces on February 7, 1942. Prior to his induction, he was employed as purchasing agent for the Wood Preserving Products Corporation. The last communication his family had from him was a letter written on January 17.

Lt. Jones is married, his wife residing in Andover, N. H.

Red Cross Begins Greatest Mercy Crusade In History

Washington, March 1.—(P)—The American Red Cross begins today the greatest single crusade of mercy in all history.

Thus spoke President Roosevelt yesterday in proclaiming the month of March Red Cross month and asking Americans to contribute at least \$125,000,000 "to make sure that every American boy on every fighting front has everything he needs which the Red Cross can supply."

Joining in the broadcast appeal from North Africa, Gen. Dwight D. Eisenhower said:

"I cannot possibly describe to you the extent to which all of us, particularly those magnificent soldiers who fill the American units in North Africa, depend upon the American Red Cross."

And from Admiral Chester W. Nimitz, commander in chief of the United States Pacific fleet, came a tribute to the prewar foresight of the Red Cross in building up a blood plasma supply which he said was "instrumental in saving the lives of hundreds of wounded on December 7 at Pearl Harbor."

Stettinius said lend-lease in reverse had cost our allies much greater hardships than the American people had felt as a result of this nation's contributions toward the war.

He said that while lend-lease aid to Russia was small in comparison to the Soviet's own production of war materials, "the assurance that the flow of these munitions and other vital supplies would continue at an accelerating rate has also been of importance."

Stettinius depicted lend-lease operations as an effective weapon to counter-attack an expected Axis peace offensive.

Patrols Keep Up Advance From Kasserine Pass Without Meeting Opposition

BASES BEING BOMBED

BY WES GALLAGHER
Allied Headquarters in North Africa, March 1.—(P)—Axis attacks toward Beja, in northern Tunisia, were disclosed today to have progressed three miles beyond Sidi Nsir, which is 18 miles north east of Beja and 40 miles west of Tunis, despite great losses inflicted by Allied ground and air forces.

This disclosure came shortly after an Allied headquarters communique announced that enemy attacks in the north generally were on a reduced scale but that north-east of Beja the Axis thrust in tanks and infantry all day in an effort to pierce Allied positions.

Bad weather restricted operations in the south but Flying Fortresses carried out one of the heaviest raids of the campaign on Cagliari, Axis supply port, where four ships were reported hit.

The Germans hurled their full weight into the Beja thrust after being thrown back initially, it was stated, and Allied forward units fought to the last man, taking a heavy toll, before ground was given.

Today's headquarters bulletin announced continued Allied advances in last week's battle area centering on the Kasserine pass.

"In southern Tunisia," the war bulletin said, "our patrols yesterday continued their advance from the Kasserine Pass and toward Sheila without meeting any opposition from the enemy."

Sheila is northeast of Kasserine. Far to the southeast, where the British Eighth Army stands before the Mareth Line, the communique said only that patrols were in contact with the enemy.

Allied aviation continued to attack heavily both along the Tunisian battlelines and against Axis bases.

On the battlefield itself, fighters and fighter bombers in the northern sector concentrated on enemy troops and vehicles, scoring hits on tanks and trucks, while medium bombers attacked targets at Mateur.

From Allied operations 12 aircraft were announced to be missing. Eight enemy fighters were destroyed.

The repulse of Axis attacks in the north followed the same pattern of the picture painted by yesterday's communique.

RAF Hurricanes and Spitfires struck Col. Gen. Jürgen Von Arnim's forces along a 65-mile front from the sea near Bizerte, to the Djebel Mansour range below Bou Arada.

Axis attacks in the north began around Cape Serrat, on the coast 35 miles southwest of Bizerte, where Italian troops attempted to push along the coastal road but were thrown back by French troops.

Two Cases Presented Grand Jury

With two cases to be presented before the grand jury in quarter sessions court the March term of court opened this morning with Judge Allison Wade on the bench. The one case is that of the Commonwealth vs. Fred Durnell, on a charge of playfully and wantonly pointing firearms and discharging a gun, pistol or other firearms. The other case is that of the Commonwealth vs. John Russell Squires charged with allegedly burning an automobile with intent to defraud the insurer.

Norman Eastman entered a plea of guilty to a charge of burglary and larceny. There were certain extenuating circumstances in the case and Eastman was paroled in the custody of the sheriff, to report once each month, and a penalty of \$15 was assessed.

The grand jury was sworn in this morning and during the day considered the two cases before it, assisted by District Attorney Joseph Goldstein.

A brief session of juvenile court was held Saturday.

Erie Newspapers Hike Price to Four Cents

Announcement was made over the weekend that because of rising costs and war service the Erie newspapers were raising their price to four cents starting today.

Explaining the reasons for the increase, the statement said: Many newspapers in other cities have already taken this step. Faced with the alternative of drastically reducing news content or of increasing their price, they decided upon the latter course, frankly explaining the problem to their readers. The Erie newspapers have reached the same decision.

A part of the increased price will go to the boys who deliver the paper. Erie newspaper carrier boys enjoy one of the highest rates of profit given carrier boys in any city in the United States. For many years the bulk of newspaper revenues has come from advertising. The price paid by readers has not covered the cost of white paper and delivery by many thousands of dollars. Advertising has declined because of wartime conditions; many manufacturers have converted their plants entirely to war goods and have nothing to sell to the public. Stores face increasing difficulties in securing merchandise and have already been forced to close a number of departments.

At a 4-cent price, readers will still pay far less than the cost of production. But it will enable us to continue complete war coverage—which we consider an essential obligation. It also means that a more complete interpretation of the news, background material, maps and special features that contribute to a better understanding of this global conflict.

We are confident that our readers will agree that maintenance of this type of service is the primary consideration at this time.

OPA Offers Advice On Best Way to Shop Under Rationing

(From Page One)

administrators, Paul M. O'Leary, suggested a half hour's study of her shopping list and the point value chart before leaving the house. The real trick of "point rationing" is for each family to figure out, considering the point values of each item, just what it wants to get with its 48 points per person during March—to space purchases so that points will be left for month-end needs—to use high point coupons first so that at the end of the month it will be easier to add up combinations of small point coupons without needing change (grocers cannot give change in coupons).

Ordering may still be done by telephone and coupons given to delivery boys. But whether you go to the store or order by phone, don't tear out the coupon stamps until a store employee (including delivery boys) can watch you.

During March, you may use all the blue stamps which bear the letters A, B or C. The figures on these stamps—1, 2, 5 and 8—are the point values. Count them like coins. For a 16 point can, you may use two 8-point stamps, three 5's and a one, or any other combination.

Don't try to cash the red stamps. They're for meat rationing due to begin March 28.

Father-Son Party at "Y" Big Success

"Kennedy the Great" entertained the 100 fathers and sons attending the Father and Son party on Friday evening at the Y. M. C. A. His antics on the screen as an exponent of parlor tricks brought howls of laughter from the youngsters as well as the grown-ups. The other part of the movie program was a 15 minute picture of the Ice Carnival, which proved interesting as well as entertaining.

Mr. Wagner, general secretary of the "Y" opened the meeting with an inspiring talk concerning the major values fathers and sons have in common and how they are transferred from father to son. Several illustrations he used were taken from a trip abroad he conducted for a group of boys several years ago. Mr. Wagner's talk met with hearty approval and served as a fine opener for the meeting.

Between the opening talk the movies, the group indulged in some group singing. Many of the dads were a little rusty on the musical side but the enthusiasm of the lads soon remedied that. After the movies, refreshments were served and the boys and their dads had chance to talk to their neighbors and friends, as well as get acquainted with those present they didn't know.

For a half hour before the party began, the boys and their dads enjoyed the use of the game equipment in the boys' game room and main lobby.

Saturday afternoon a number of fathers and sons took advantage of the open house for them at the "Y". They went swimming, played games, and watched basketball games free of charge.

Events such as these will not be limited to the past week, but will be scheduled from time to time in order that the values gained in this concentrated emphasis will not be lost but will continue to grow the year around.

Potato Expert Used Shotgun In Suicide

Word was received in Warren today that Lloyd T. Denniston, 35, of Butler, former potato extension expert at Pennsylvania State College, killed himself with a shotgun in a parked car on a Clearfield street, Saturday.

Denniston was well known in Warren county to a large circle as he had appeared here many times speaking before gatherings of potato growers and at Grange and other meetings of farmers. He was born and reared on a farm between Slippery Rock and Butler. His father was the owner of a large farm and was one of the leading potato growers of Butler county making the 400 Bushel Club almost every year. He was a pioneer in soy bean growing as a preparatory crop.

No motive for the shooting is known, according to the Coroner of Clearfield county.

Montgomery Ward's Statement TO THE NATIONAL WAR LABOR BOARD

February 27, 1943

National War Labor Board
Washington, D. C.

Gentlemen:

A National War Labor Board panel has recommended that the Board issue another order against Montgomery Ward and Co. imposing upon Wards' six large stores in Denver, Detroit and New York City:

1. A form of closed shop, called "maintenance of membership," together with a check-off of union dues from wages.
2. Compulsory arbitration of any question the union wishes to raise.

Wards objects to the proposed order for these reasons:

1. The War Labor Board is without authority. Congress, the only law-making authority under the Constitution, has not empowered the Board to order any employer to adopt these requirements.
2. The War Labor Board, by ordering a closed shop in this case, will be furthering disrespect for constitutional authority. The Board is attempting to assume a power to make rules and laws by executive fiat alone. The public is being deceived into believing that the Board's orders have the force of law, when in fact they have no such effect. Employees are being confused and deceived into believing that their government desires them to join labor unions when in fact the national policy as declared by Congress is that employees are free to join or not, as they wish. Thus the Board is destroying the very essence of democracy, the right of the people to make laws through those whom the people elect for that purpose.
3. The War Labor Board, by promiscuously granting some form of the closed shop, is destroying the laws constitutionally enacted by Congress. The National Labor Relations Act endorses, guarantees and encourages the process of collective bargaining. The orders of this Board, however, have led the unions to abandon collective bargaining. The union in this case has rushed to the War Labor Board in the conviction that the Board will grant more than it could obtain through collective bargaining, the procedure which Congress has sought to protect and encourage. Other unions are following the same course. Thus the Board, by this proceeding and by its policies as proclaimed in other proceedings of this nature, is nullifying the public policy of the nation as declared by Congress and set forth in the National Labor Relations Act. Laws passed by Congress, the only law-making authority under our Constitution, can not legally be repealed by executive decree.
4. The proposed order would require Wards to violate the law. It would require Wards, first, to interfere with the free choice of its employees to resign from the union; second, to give support to the union by a check-off of union dues; and third, to discriminate against employees if they resign their membership in the union, all in direct violation of the National Labor Relations Act.
5. Wards operates in a highly competitive field composed of one million seven hundred fifty thousand retail establishments. It is unfair to impose burdens upon Wards and not upon those with whom it is in

competition. If the retail industry is to be subjected to the closed shop and arbitration requirements, they should be legislated by Congress and applied uniformly against all retail establishments.

6. The proposed order would require Wards to surrender to outside arbitrators the final decision on all matters which the union may wish to treat as grievances. Thus Wards' sixty thousand shareholders would be deprived of the right to direct, through the management they select, the affairs of the corporation they own.
7. Under this "maintenance of membership" form of closed shop, employees are not free to resign from the union without losing their jobs. Wards is compelled to discharge every union member who fails to maintain his union membership in good standing (non-payment of dues, etc.). "Maintenance of membership" is the starting phase which inevitably leads to the full closed shop and a labor monopoly.
8. The proposed order violates the fundamental principles of liberty. Liberty requires that an employee be free to join, to refuse to join, or to resign from a union without losing his job. Liberty requires that an employer be free to employ the person best suited for the work.
9. Wards has consistently defended these principles of liberty. In times of peace, Wards successfully denied all demands for the closed shop in any form. Two years ago the Teamsters' Union, in an effort to force a closed shop, maintained a vicious seven months' strike against Wards' retail stores and mail order houses on the Pacific Coast. Two mail order houses and six retail stores were forced to close, forty-three other stores were picketed, and Wards suffered damages exceeding two million dollars. Employees were slugged, customers abused, and property destroyed. The railroads, the express companies, the truckers and finally the United States Post Office obeyed the demands of the union and, with total disregard for their obligations to the public and in violation of law, refused service to Wards and its customers. Nevertheless, Wards, while announcing its willingness to bargain and to contract with the union, refused to compromise the principles it was defending. The strike did not end until the union, in writing, withdrew its demand for a closed shop.

Even if the War Labor Board had the authority which it lacks, it should not, in time of war, when sacrifices are demanded of all, grant to any union a privilege it could not have obtained in time of peace.

Wards has no quarrel with legitimate union practices. However, Wards strongly opposes the War Labor Board's illegitimate attempts to sabotage our laws and to socialize all industry, ostensibly as a part of the war effort.

Wards desires to continue to obey the law, to preserve constitutional government, to maintain management by ownership, to remain competitive, and to leave its employees free to belong or not to belong to a union as they wish.

In accordance with these principles Wards must reject any proposals which require it to enter into contracts which it believes to be illegal, or to surrender principles which it considers to be fundamental. In so doing, Wards is taking the course which good citizenship requires.

PAPER SUPPLY A PROBLEM

An Associated Press dispatch from Washington says that the Canadian and American governments Saturday announced a \$4 a ton increase in the ceiling for standard newsprint paper. The announcement was made jointly by the Office of Price Administration and the Canadian Wartime Prices and Trade Board. The OPA said the increase was necessary "because the newsprint industry can no longer absorb the increased cost which war conditions have brought about."

For some time newspapers and magazines have been expecting a further cut in the supply of paper about the first of April. So you can expect smaller and more compact magazines and papers further reduced in size in the months ahead.

An exchange sizes up the situation by calling attention to the fact that many woodcutters have gone to war, while deep winter snows in the far north are proving a hardship to the pulp industry. Less wood cut means less pulp and less paper.

The disappearance of crepe and decorative papers is expected at an early date. Fact is, manufacturers are going to concentrate on such essential items as containers for shells and other arms. Paper bags are being used to pack cement, gypsum and other bulk products.

The Wall Street Journal reports that on the Pacific coast, logging of wood for pulp making has been hampered by the shortage of manpower, by an embargo on the export of logs from Canada to the United States and by heavy snowfall which has made it difficult to work in the woods.

And in the east and south, trucks and tires are wearing out; replacement is difficult—and there you have another problem for the woodsmen.

Britain has long felt the pinch of paper shortage, and memories slip easily back to the First World War when it was a scarce article then for the boys who wanted to write home. War brings a lot of problems, and the paper matter is one of them.

We'll appreciate our newspapers and magazines all the more because of it—and many will be content to rely more on some of the books published in the last few years when new volumes grow scarce.

"WATCH YOUR POINTS"

Beginning today the watchword for civilians in Warren as well as throughout the country will be "Watch Your Points." Any person may get into trouble about food, clothing and a lot of other things, by neglecting this rule.

Rationing authorities have to be hard-hearted. It must be assumed that when the allotment for an individual or family is used up for that month, there isn't any more, and won't be any more until the next month.

There is no other way, apparently, to make existing and prospective supplies go around.

Until we become accustomed to shopping by the Point Rationing System there will be trying times for all concerned. Remember, your grocer will be doing his best to make it easier for you and don't forget to give him to cooperation he will need.

Once more the kitchen has become the most important room in the house. Put up some new curtains, we suggest to the housewife, pull out a rocking chair for the man of the house, start giving the kids cooking lessons—and get set for life as it was lived back in the horse-and-buggy days.

BOOK CAMPAIGN NEARS END

This is the last week of the Second Victory Boon Campaign! Our quota must be met now. Don't delay any longer looking through your bookcases for the books our men would like best. It is such an easy, immediate way in which we can all help our men in the services.

If you cannot bear to part with your favorite books—even for the men in the services—buy a book or books to give to our armed forces. The turnover in good books is far greater there than among civilian readers. The need increases daily and the appeals grow more urgent.

Thousands of our men in the army and navy have been brought up in homes where the reading of good books was a family tradition. By helping the Victory Book Campaign to supply military camps and battle-ships with good reading you help to bring this touch of home environment to them and furnish a wholesome temporary release from what they face. Our men write us that this is a really effective way we can help keep up their morale.

Take your books to the public library today. Girl Scouts and Boy Scouts will be glad to respond to a telephone call for collections.

There Should Be Appropriate Recognition

Washington in Wartime

By JACK STINNETT

WASHINGTON — Probably nothing will ever come of it, but there's a lot of conversation going around about the possible reorganization of Congress to eliminate some of its more obvious defects.

Probably the springboard for much of the talk is the recently published book, "This Is Congress," by Roland Young. Mr. Young was for some years secretary of the State Committee on Foreign Relations. He knows his Congress, doesn't do any theorizing about it, and makes some suggestions for internal overhauling.

However, George Galloway, another student of the Congressional scene, in a recent address before the American Political Science Association, summed up the faults a little more briefly.

FIRST, he said, the committee system is obsolete. It results in duplications and dispersion of effort. It is completely inadequate in handling wartime legislation.

The sources of information upon which Congress relies are insufficient and too often biased. Leadership is so scattered through scores of committee chairmen and ineffective because of the reluctance of Congress as a body to delegate its powers, that there hardly is any at all.

There is no defense against pressure groups nor against pressure from constituents, whose demands on comparatively trivial matters often occupy so much of a congressman's time that he has

little left for legislative considerations.

That is a free translation of Mr. Galloway's criticisms, but it's a pretty concise summation of what students of the legislative arm think are the principal complaints.

OFTEN I have tried to point out how congressmen are hampered by demands from their constituents that make them just "errand boys." And a study of the hearings in any exhaustive committee investigation will reveal what is meant by biased sources of information. Too often Congress has to sit like a jury, hearing both sides of a case in which the opponents do their best to distort facts to bring a decision in their favor.

As for the problem of committees and leadership, I'm reminded of a speech that the late Rep. Champ Clark, of Missouri, once made to "new Congressmen."

In urging that they not be discouraged if their committee appointments did not make them happy, he was reminded of his early days in Congress, when Maine—with only four members—had the chairmanships of virtually important Ways and Means committee, the Navy committee and the Committee on Public Buildings and Grounds.

Give that a thought and you will begin to see at least one fault of the committee system, which operates almost wholly on seniority and hardly at all on a Representative's or Senator's fitness for the post.

Local Boys Enlisted In Navy Reserve

Two Warren 17 year old lads, Ralph Brinkman, 116 Bank St., and Paul Edward Nero, 18 West 5th Avenue, were enlisted in the U. S. Naval Reserve last week according to information received this date by Chief Petty Officer, Albert Harrison, Jr., Recruiter in charge of the Chautauque and Warren Area. They have been returned to their homes to await orders for active duty.

Two other youths, Joseph Francis Saraceno, 103 Crescent St., and Donald Leroy Bailey, 2028 1/2 Ana, Ave., are scheduled for enlistment this coming week. They will be sent to the Main Recruiting Station for final examination and enlistment if found qualified.

All four youths applied for enlistment through the Warren Navy Recruiting Station located in the barracks of Foreign Wars Building. This office is open each Wednesday and Thursday with Chief Petty Officer, Edward C. White, in charge.

The recent order stopping enlistment of men in the age group of 18 to 38 does not in any way affect those 17 years of age and those 38 to 50. Applications are still being accepted from these two age groups.

Hikers Undaunted By Severe Snow Storms

Starting just after the first snowstorm yesterday afternoon, and encountering another one on top of the Yankee Bush hill, the hikers of the Allegheny Hiking Club nevertheless enjoyed a restful winter afternoon on their 105th hike. Fifteen participated, including two hikers new to the group. They walked west on Pennsylvania Avenue and Route 6 nearly to the FN tower, then turned north between the Skillicorn and Spade farms, and walked up the hollow past the old ice ponds, continuing up along the small stream in this interesting gulley to the top of the hill, coming out on the Yankee Bush road between the Stone Hill and Follett Run intersections. Then turning east a short distance on the road, the party went left over to the ridge overlooking the Conewango valley, and continued along this ridge on Tanner hill until they arrived at the head of Market street, walking a total distance of 5 1/2 miles.

Those on yesterday's journey were: Patsy Chester, Elton Davis, Michael D'Angelo, Kathryn Garner, Etta Gustafson, R. W. Mackay, Mary Maniakas, George Moore, Catherine Reed, Isaac Reed, Frank Schroeder, Chester Seymour, Margaret Shannon, Jasper Sheperd, and Violet Westburg.

Clarendon Pupils Buy Many Stamps

Orval B. Borton, principal of the Clarendon borough school, reports his students have adopted the slogan, "We save—that what we can't buy today we may buy tomorrow," in their stamp sales campaign and the total for the past four months stands at \$11,224.40.

The 16 weeks through November, December, January and February netted an average of \$70.15 per week with a total school population of 127. Thus, this school has an average of \$8.84 per capita for the 16 weeks and an average of 55 cents per capita for each week since the school started its war stamp campaign on November 1.

Grades made their purchases as follows: First, 39.40 for 14 pupils; second, \$117.70 for 19 pupils; third, \$74.10 for 15 pupils; fourth, \$149.50 for 21 pupils; fifth, \$43.30 for 18 pupils; sixth, \$819.40 for 15 pupils; seventh, \$89.90 for 16 pupils; eighth, \$118.85 for 9 pupils.

The school views with real pride the record of the sixth grade and the response of several of the students in changing banking accounts for stamps in the belief that Uncle Sam, besides needing the money, is a safer investment.

U. S. WOOL STATES

California, Colorado, Idaho, Montana, New Mexico, Ohio, Oregon, Texas, Utah and Wyoming are the 10 leading wool-growing states in the Union. Annually, they produce 70 per cent of the total U. S. production of wool.

Pile Torture Relieved

The maddening, itching, burning, stinging, the throbs, are lessened or often greatly relieved by using desiccated San-Cura Ointment.

J. J. Williams of Detroit writes, "Years ago, when I suffered greatly with itching piles, I used San-Cura and received such comfort I want it for other uses. I enclose a money order for a large jar of San-Cura Ointment at all drug stores, 35c and 60c. It is a great aid to first bathe the affected area with San-Cura Soap, 25c."

Both machines were damaged but occupants escaped injury.

WELDERS NEEDED

Gas welders are needed for work at the Philadelphia Navy Yard. W. U. McMichael, local secretary of the U. S. Civil Service Commission announced today. Persons engaged in war work of equal skill are requested not to apply. Complete information and forms for applying may be obtained from Mr. McMichael at the local post office.

FEES ARE REDUCED

The Warren County Motor Club has had many queries within the past few days concerning fee figures printed on the motor registration renewal cards being received by owners from the department of revenue in Harrisburg. These were printed for 1943 before legislation was passed which reduced all fees to \$10, thereby producing confusion and misunderstanding. Motor Club officials also remind their members that trucks with pickup bodies now registered in the "C" Class with fee of \$26 may be reduced to the "R" Class with fee of \$16.50.

FATHER AND SON BANQUET

A novel war banquet finished off an enjoyable evening for 24 fathers and sons attending the father and son party held at the Salem Evangelical church Thursday evening. The party was opened with the singing of "God Bless America" and the reading of the story of the Prodigal Son. Active boys' and men's games were played after this for about three-quarters of an hour. Then the lights were turned off and cats served by candle light. The boys and their dads sat on the floor to shell peanuts and partake of doughnuts and coffee. Some of the peanuts were loaded and exploded when opened. This caused quite a bit of fun and speculation among the diners. The Men's Class was in charge of the event and, due to its success, plan to have another near Father's Day in June.

An interval of 21 years must elapse before the design of a United States coin may be changed, under Federal law.

Secretaries Of Y Treated Well By Japs

All ten of the Y. M. C. A. secretaries and their families trapped in the Philippines by the invading Japanese are treated as well, according to a voice-message from E. S. Turner, senior representative of the Y. M. C. A. International Committee in Manila, Ralph H. Wagner, local "Y" secretary, was advised today by committee headquarters in New York.

The message was in the form of a short-wave broadcast announced by Radio Tokyo as transcription. It was picked up by a War Prisoners' monitor station on the Pacific coast and relayed to New York. Mr. Wagner pointed out that although the transcript was Turner's voice, the source of the broadcast should be considered in evaluating it.

A statement that the secretaries have received no word from relatives or friends in America for over a year is the only somber note in the message which, in general, compliments the Japanese for their treatment of this non-combatant group.

"Through the kind invitation of their religious section of the Imperial Japanese army, I have been accorded the privilege of broadcasting a greeting to the families and friends in America on behalf of Mrs. Turner, myself, other Y. M. C. A. secretaries and their families in Manila," the voice-record set forth. "I have done so in the hope that a real, stirring word might reach you through my voice concerning our safety and health."

"The Y. M. C. A., the Y. W. C. A., and the Christian churches of all sects and denominations here in the Philippines have functioned without interruption. The Y. M. C. A. has maintained a service program in Manila under the able leadership of the Philippine National Y. M. C. A. president, Judge Manuel Camus, and the capable staff of Filipino secretaries. The headquarters for its work during most of the year has been a church dormitory given for use by the Japanese military authorities."

Health Week Is Observed By Y. M. C. A.

As a part of the local Y. M. C. A.'s Health Observance Week, a poster contest for members of the Gray-Y Clubs only, will take place.

Any boy who is a member of one of these clubs may take part. Posters as outlined by the committee must be 18 inches by 24 inches and can be either on cardboard or heavy paper. Any phase of Health can be the subject of the poster and the qualities upon which each will be judged will be: 1, ideas; 2, originality; 3, appeal; 4, neatness; 5, cleverness.

All posters must be in on Monday, March 8th, and will be on display all week in the lobby of the Y. M. C. A. On Friday evening at 7 o'clock the committee in charge of Health Week will judge them and the winner of the contest will be given a year's membership in the "Y."

SUGAR GROVE

Sugar Grove, Feb. 25—The Hill and Dale Garden Club was entertained at the home of Mrs. Ralph Abbott, with Mrs. Pearl Brookmire and Mrs. Gerald Miller assisting, Wednesday afternoon.

Mrs. J. A. McIntosh presided. Roll call response was "Things George Washington Never Saw." Mrs. Miller acted as pianist, and Mrs. Margaret Bindley conducted devotions on the topic, "Broadcasting for God." Mrs. Scott Stuart gave a paper, "Our State Parks," and Mrs. Stuart Anderson conducted a forum on the new vegetables and flowers, leading the discussion of new varieties raised last year and plans for this year. She also announced the vegetable and flower show to be held in August. Mrs. Mabel Dallas read Lincoln's Gettysburg address. Mrs. Kenneth Frank led in group singing of several patriotic songs. The program closed with a contest conducted by Mrs. Lewis Barlow, with Mrs. C. L. Ekdhall winning the prize.

The hostess served delicious refreshments.

The Volley Ball Club enjoyed a delightful party Thursday evening at the home of Mrs. and Mrs. F. A. Schoonover, with thirty-five present. Following a tureen supper the evening was spent with shuffle board. Four teams were arranged with the ones captained by Mrs. Wesley Barlow and Delmar Moore.

Bradford Drops Curtain On Last Dragon Game By 50-30

Owls Are Held By The Locals In First And Third But Cop Middle

Playing their last game of the season before a large crowd on Friday night, the Warren Dragons dropped a count to the strong Bradford Owls of McKean County by a score of 50 to 30.

Keeping pace with the Owls, the locals went hard for them in the opening stanza and held all of the Bradfordites renowned plays to practically nothing and scored even with them to wind up the first period at 10 to 8, favor of Bradford.

Dean Nelson of Warren and stellar center started things moving with a foul after each out, had moved up and down the floor at least twice and Walker of the Owls tied it up. Then Hal Witche clipped a two-pointer with a push-in shot from underneath to lead, but Chuck McLean, ace forward of Warren dropped a one-hander to tie it up at 3-3. Whitford of the visitors nailed the next chance with a one-hander, while traveling full speed down the left side and Dudy Frisni head forward of the Owls added another, but Chuck McLean came into his own with a lay-up. Then Whitford sunk the oval for a foul counter, but Warren's crack-shot Dean Nelson dropped a short one to tie it up at 8-8 for the heated session, but a foul had been called at the whistle and two points were added by Dudy Frisni beginning the next period—Warren looked plenty good and were playing the type of ball to beat the Bradford Owls that night but—

Dean Nelson hardly started the second period than he was clipped down in the corner, his bad knee went out, and with it most of the Dragon's hopes of winning, even though Whitford's first fielder in that period was matched right after Frisni was now in the clear several times and in quick succession landed a foul toss, two field goals, then a foul pointer plus one more field goal while Warren followed up with three foul points in a row with McLean, Beyer and Hubbs doing the work, but Hal Witche and Walker of Bradford strung up a couple of beauties to lead at half-time 24 to 13 and Warren's cause looked hopeless—

"Stringy" ribbons began the scoring right off the whistle in the early third when he tipped in a fielder but Walker came right back with another of his followed by another of Whitford's—However the Dragons added four more fouls and a two-counter right after this with nothing by the Owls to buck it—But inexperience was showing in some of the locals—Stringy Hubbs dropped three foul points in a row and Bob Peterson added another to it and foul fever had hit the Owls as Hal Witche went out on personals and the stands went into an uproar with

the score at 28-20, still in favor of the Owls—Chuck McLean immediately after this was added to the list of point-getters for the period as he kicked in his one-pointer and drew the locals closer to them while a technical was missed by Finley after a bedlam was raised at the scorer's table for a few minutes—McCullough took things into his own hands about this time and sunk a long one, but Dick Finley did the same from underneath and held their margin—The locals just couldn't pull themselves together in this quarter and began to break through the defense a few times to score two fielders by "Sport" Stanton, a foul by Bainbridge, two by Finley and one by Eyer to even the count for the quarter at 8-8 as Bradford was held to the same type of scoring with Frisni and Whitford hitting from the field and "Bubbles" Lloyd and McCullough grapping chances to drop fouls and the game ended with District Nine and North League titles (at least mythical) in the hands of the Bradford Owls for this season.

Dudy Frisni was the big gun of the Owls and beside from scoring 19 points, he sparked most of their plays with his clever work on the floor and accurate passing, while the Dragons all were in there pitching and any one of them could be named as outstanding.

Colleges Boast Bright Stars But Former Warren Player Is Best Cager Among the Pros

Rochester, Mar. 1—You've heard of Andy Phillip of the Illinois Whiz Kids. The name of Harry Boykoff of Brooklyn St. John's and his six-foot-nine-inch physique jumped at you in print following that 45-point spree against a good Philadelphia St. Joseph's team at Madison Square Garden.

Notre Dame's Bobby Rensberger is no stranger. Neither is Tennessee's Dick Mehner nor Southern California's Ted Gossard.

But come and meet a boy rated

Johnny Moir, Syracuse's Ed Bronckman, West Texas' Price Brookfield, one of the nation's chief tally men in cap-and-gown circles last winter, others who stood out in college.

Dutch Dehnert, at that time coach of the American League cellar-bugging Detroit Eagles, took Jeannette in 1941, and put him cold in the all-pro tournament in Chicago with the best of the National and American Leagues.

Our hero shined in his new fraternity brothers over the Renaissance, Harlem Globe Trotters and Oshkosh of the National League in that order, bringing with them the good money they pay on the lakefront.

Chicago fans called Jeannette the Wonder Boy because he ankle up to the four line six times in an overtime period, and gently raised his team's assets six points.

When the Eagles broke up, Jeannette came to Rochester, where he has been a favorite since.

Dehnert calls him one of the finest he ever saw, and the old original Celtic has seen more than Dr. Naismith.

Biggest drawing card here is the Grumman Aircraft team of Long Island, near Long Island University '41, and the Ebers split two-point decisions with Dolly King and his mates this season.

Married the papa of a little girl, Jeannette recently was offered \$100 per game and five days' work per week to play with Sheboygan of the National League. But he remained here, where he's employed in defense work. Sheboygan's manager, Carl Roth, set a world record for long distance pleading.

It's no reflection on his college coach, but Bud Jeannette is a tribute to the teaching of Dutch Dehnert, and another striking example that athletes don't stop developing when they hand them a diploma.

It's great to be great for Turletrap Tech, but it's greater to be greater for the boys who play for something more than a letter.

AT PENN CENTER
Brown's Boot Shop in closing in on the leaders, with Hand's 474 and Gardner's 454 sweep four points from New Process despite the rolling of Gray's 470 and Nelson's 467.

Harriet-Byrnt Shoppe, with Harvey's 172-176-479 and Raleigh's 470 was more than enough to take four points from Kinneer's with Johnson's 483 leading the losers.

Newsmads and LaVogues split even in their match with R. Juli-amo's 177-489 and Walsh's 461 leading the news girls and Thomas's 468 and Yaegle's combined to lead the beauty experts.

Charm House on Linck's 161-163-160-484 and with the help of Ryberg's 165-408 lead the winners over the Printz Co., with Printz's 426 leading the losers.

Dick Check Takes Lead For Singles

In the singles tourney that opened up at the Penn Bowling center last evening, the champion, D. Check, took the lead in the tourney with a grand total for the four games of 764 on games of 208-172-189-195 just 11 pins in front of Pete Juliano who totaled 753. Cosmano with 746 in third place and Dr. J. Giunta with 741 in fourth place.

Scores were very mediocre and next weeks score are sure to outstep those of yesterday. Highest game rolled last evening was Farr's 215 and a close second Dr. J. Giunta's and Bleech's 213.

For the extra prize of a \$25 defense bond based on a handicap D. Check's 828 was high and a close second rest Farr with 812 and Dr. J. Giunta with 809 in third place.

The next bowling will take place on Sunday evening with the same squad shooting for higher scores at 7:00 p. m.

Check had a 244 game, but his support was nil and once against the Lewises took the count. The Penn Furnace then started out on the Geracimos crew and looked good for a sweep, but the restaurant five stuck in there and blasted them for three points, with Neil Graebner doing the bruining. Cully Patchen smacked 591 for high total of the week-end while National Transit had high single at 877. Honor Roll: Dorrance 202; Myron Check 244; Patchen 213; Graebner 202.

WARREN 2NDS TAKE FINALE BY 33 TO 30

After suffering a terrific beating at the hands of the Bradford Owl's Seconds on first meeting, the Warren High Jayvees made them eat a 33 to 30 score, which might have been run up much higher but for the Second's dislike to it and they substituted frequently to avert it.

The Seconds ran up an assault that was unstopable in the first two cantos and ended the half at 18-10 then gained another point in the next session by 27 to 18. The fourth found the two teams battling evenly although Bradford's shots hit center while Warren went astray and they ran the whole second squad in throughout the tilt for the 33 to 30 cop. Scalse led the Seconds with 15 while Eaton helped along at 10 and Bradford had Conners to do the high shooting with 11. It was the Bradfordites first loss this year.

TWO CRUCIAL TILTS ON "Y" GYM TONIGHT

The Blomquist Furnitures and the Rock Cleaners square off tonight on the "Y" court in a game that will probably decide the superiority of the Monday Circuit. The Rocks have been riding high and are only sporting one loss, while the Bloms are undefeated with a loss to them throwing the league wide open to make it anybody's victory. They play the first game.

The second tilt will find the newly bolstered Butter-Krusts bucking up against the Struthers-Wells five who also have added a couple of high school stars.

Blomquist And Rocks Go Into A First Place Tie With Dual Wins

The Irish O'Connors of Sheffield went down in defeat to the Blomquist Furnitures on the "Y" court Saturday night as the third and fourth "Fatal" periods knocked off the Sheffield E's chances of play-off competition unless they win all of their three remaining games.

Scoring this 35 to 25 victory put the Bloms in first place tie with the Rock Cleaners and the game between these two next week should decide superiority of the two title honors.

The two outfits fought through an exciting half as they scored evenly and a large crowd was held at the edge of their seats all the way through. Bob Lundquist and Johnny Pick heated up the strings with a barrage of shots that carried through the first session with 6-5 advantage held by the Bloms, while Mike Steffen carrying the brunt of attack for the Irish. Then the O'Connors got "hot" and hit the hoop for an 11 point period and went into the lead at the half at 16 to 14 as the Bloms had a hard time penetrating their famed "zone".

Pick and Lunk plus a few long pots by Louis Check strung up shots from all over the floor in the third heat and the O'Connors couldn't find center as the Furnitures gained a double-up of scoring in that period and then went on to cop with a fourth period barrage that put the Irish in third place. Mike Steffen and Bob Fitch led the O'Connors with their floor work, but those Bloms are riding high and can't be stopped at least for another week when they buck the Rocks.

Covering the Sports Front

At some time during driving experience, most persons who frequent the outlying districts, and even a large number of drivers on large highways, have had occasion to run over a rabbit, narrowly miss a deer or kill a woodchuck or any of the various game haunting our woodlands. But did you ever stop to think how much of a toll is taken in the course of a year?

Warren county had 13 deer go into the happy hunting grounds through 1942. That's a small item, although it was a record for six of the largest counties, because 959 rabbits went along with them not to mention 250 skunks, 81 opossums, 171 groundhogs, 24 ringnecked pheasants, and a total of 51 other animals too numerous to mention such as squirrels, grouse, woodcock and the like.

So many of these killings are uncalled for. Every good sportsman travels with caution through the game country—where he is most likely to hit a deer—but there are a great number who never slow down for a deer crossing sign or even give

INCREASE OF \$4 TON MADE ON NEWSPRINT

Washington, March 1.—(P)—An increase of \$4 a ton in the ceiling on newsprint paper, became effective today.
 The increase was announced by the Office of Price Administration and the Canadian Wartime Prices and Trade Board. The joint statement pointed out that newsprint is one of a few commodities which has not increased in price since the start of the war.
 Prentiss M. Brown, OPA chief, said the increase was necessary "because the newsprint industry can no longer absorb the increased cost which war conditions have brought about."
 With the American Air Force in China, March 1.—(P)—Brig. Gen. L. Chennault's medium bombers renewed their offensive against the Japanese Sunday after a lay-off of more than a month because of bad weather, spilling tons of demolition and anti-personnel bombs on warehouses and barracks at Mangshih, Burma road base 30 miles west of the Salween river.
 New Delhi, March 1.—(P)—American army airmen were reported today to have severely damaged and probably sunk a 7,000-ton merchant ship south of Rangoon and inflicted widespread destruction on Japanese installations at Waingmaw in northern Burma, one of the supporting bases for enemy troops trying to push into China's Yunnan province.

WEEKEND ACCIDENT TOLL REACHES NINE

Pennsylvania's weekend accident toll mounted to at least nine deaths today.
 Three persons lost their lives in fires, three in traffic accidents, one child drowned, another was killed by a train, and a man accidentally strangled.
 The fire victims were Charles Mears, 73, and William Body, 31, of Philadelphia and John Ginnivan, 45, Turtle Creek. All were killed when they swept their homes.
 Dr. Florence Whyte, 60, of Norristown, a noted educator, was killed in an automobile crash. Leroy Foster, 19, Annyville was found dead in his wrecked car, and Kenneth C. Wilson, 15, Parkersburg, was injured fatally when he fell from his bicycle while attempting to hang on to a moving truck.
 New Delhi, March 1.—(P)—Fifty Japanese soldiers were killed and others captured in a light night engagement off Ramree island Friday night, when coastal craft of the Royal Indian navy encountered two armed enemy launches heavily loaded with troops and ammunition, a British communiqué announced today.
 Helsinki, March 1.—(P)—President Risto Ryti declared at his inauguration for a second term today that "we cannot see any signs of an end to the war" and called upon Finland to continue every effort in the fight which she has waged for 20 months as a partner of Germany.

YOUNG WOMAN FACES CHARGE OF MURDER

York, March 1.—(P)—Charges of first degree murder and manslaughter have been filed against Mrs. Inez R. Smith, 19, District Attorney W. Burg Anstine said, in connection with the death of August M. Abrecht, 63, on a street here Saturday night.
 A post-mortem disclosed Abrecht died of five stab wounds, one of which entered his heart. Anstine said Abrecht was stabbed when he interfered in an argument between Mrs. Smith and another woman.
 Further north, west of Kursk, another German bastion which fell to the Russians during the great winter offensive, heavy fighting was in progress on the approaches to another large community, the communiqué said. Here, more than two battalions of Germans were reported annihilated.
 There was no report on the fighting in the northwest Caucasus, where the Russians have been attempting to drive the remaining units of a once powerful German army into the Black Sea. West of Rostov, the Russians consolidated their positions and pounded the Germans with artillery fire, the communiqué said.

 Secretary of Labor Perkins also will be sought.
 With a close fight in prospect, the house will devote Tuesday to legislation for a standing committee on civil aviation, a proposal endorsed by the Republican minority and opposed by many prominent Democrats.
 A new naval appropriation bill and legislation to continue the lend-lease program are expected to reach the house floor during the latter part of the week.
 Washington, Mar. 1.—(P)—Disagreeing with Secretary of War Stimson, War Manpower Commissioner McNutt today voiced opposition to compulsory labor-draft legislation at this time.
 "There is too much talk about forcing people to do many things," McNutt told a press conference.
 McNutt asserted the "voluntary system" of attacking the manpower problem through indirect penalties against those who refuse to comply with his program is "being tried with a measure of success."

PRESIDENT RESUMES LIGHT DUTY SCHEDULE

Washington, March 1.—(P)—President Roosevelt, recovering from an intestinal disorder, switched from inaction to "light duty" and scheduled his first appointments since last Wednesday.
 This was Mr. Roosevelt's third day without fever and the White House said his physician, Rear Admiral Ross T. McIntyre, was "very pleased about him this morning."
 The chief executive remained in his second-floor study.

 Mrs. Mabel Brainard and son Edwin were Sunday visitors of Mr. and Mrs. William Tremain.
 Mr. and Mrs. Henry Prenatt were visitors of Mrs. Alice Hulberg on Robin Hill Road Friday evening.

Girl Scout Camp Dates Are Chosen

Dates for the summer season at Camp Birdsall Edey were set by the camp committee of the Warren County Girl Scout Council at a meeting on Friday. It was decided to lengthen the period for Girl Scouts by two weeks as the camp was filled to capacity last summer and indications are for increased attendance this year.
 Beginning on June 27, three periods of two weeks each for Girl Scouts with a one week period for Brownie Scouts following is the plan of the committee.
 Camp staff members are being selected and new possibilities for program are being considered.
 Day Camp for Brownie Scouts will be arranged in communities where there is a demand for it. In Warren, it will be held in July in some location where bus service is available. There will be no day camp at Camp Birdsall Edey because of lack of transportation.
 Extension of camping privileges to as many girls as possible is being urged by government agencies and by the Girl Scout national organization because Girl Scout camping combines the fun of outdoor living with valuable training in group activities and individual skills.

NEW WAGE SCHEDULES FOR BELL EMPLOYEES

Washington, March 1.—(P)—Approximately 2,400 employees of the plant and accounting departments of the Bell Telephone Company of Pennsylvania will receive wage increases of from one to three cents per hour under a ruling by the National War Labor Board.
 Increases in the accounting department are retroactive to December 14, with all others effective immediately. Higher starting rates for new employees and adjustments in the wage progression schedule were provided in the WLB order.

COMMITTEE SELECTED

An emergency farm labor committee has been set up in Warren county for the recruitment, transfer, placement, and utilization of farm labor. Named to serve on the committee are H. W. Conarro, Warren Axe and Tool Company, H. A. Ludwick, Akeley, Charles Camp, Torpedo; F. P. McCollough, State Hospital; R. H. Wagner, Y. M. C. A.; Arnell Carter, Bear Lake; Chester Seymour, Boy Scout Office; and H. B. Pettit, J. C. Penney Company, and H. L. Blair, Court House. As soon as arrangements can be made, an office will be established for the convenience of all farmers who have farm labor needs.

Mrs. Lutz Is Elected President Of Second Auxiliary Membership

Mrs. Warren R. Carlin presided at the annual business meeting of Second Auxiliary members of the First Presbyterian church, held Friday afternoon at the home of Mrs. A. D. David, Liberty street, when Mrs. W. E. Lutz was chosen president for the coming year.

Other officers chosen at this time were Mrs. E. E. Koebly, first vice president; Mrs. Carlin, second vice president; Mrs. Kenneth Davis, corresponding secretary; Mrs. R. F. Hemingway, recording secretary; Mrs. H. P. Stone, treasurer.

Devotions on the theme "Children" were conducted by Mrs. Hemingway, after which the business was taken up and Mrs. B. V. Lesser and Mrs. Moss Connelly were named as program committee for the new year; Mrs. T. L. Armstrong and Mrs. J. F. Baldwin, auditors.

Mention was made of the meeting of Erie Presbytery to be held in the local church April 7-8, with members of the various missionary groups being named to committees for the occasion.

Reports were received from all officers and chairmen, indicating a very busy and productive year. A very lovely "In Memoriam" was conducted in a candlelight service by Mrs. Ralph Sires for members who have passed away during the year: Anne Stone DeFrees and Ida B. Hawke.

Mrs. Martin Manders, of the Children's Aid Society, was introduced to speak very interestingly on this community project. Tea was served by the social committee: Mrs. Connelly, chairman; Mrs. B. V. Lesser, Mrs. O. H. Baird, Mrs. James Chapman, Mrs. Eva Humiston, Mrs. Harriet Kopf, Mrs. E. W. Garrison, Mrs. J. A. Jones and Mrs. Russell Norris. Mrs. Armstrong and Mrs. J. F. Baldwin presided at the tea table with its spring flowers-centerpiece.

Business Groups Of YW Are Planning For Nationwide Event

Business and professional girls of the YWCA are busy making plans for the nationwide banquet, held in all associations in the United States and in some foreign countries, on Tuesday evening, March 9.

"Our Job—The Nation's Business" is the theme selected by the national committee, which is endeavoring to have all business and professional girls of the YWCA realize the essential contribution they are making to the war effort.

Miss Doris Peterson is chairman of the local banquet committee and has assisting her Miss Betty Lopez, Miss Rowena Sammel and Miss MayBelle Baird.

This committee met Friday evening to formulate plans and will announce further details of the arrangements later this week. Reservations for the banquet are requested by Sunday, March 7.

BENEFIT RECITAL AT THE CONSERVATORY

Apart from its good purpose, a benefit for the Red Cross, the all-Russian program which Eugene Kuester is arranging for presentation at the Conservatory of music on March 8 will, in itself, be fully worth the nominal admission asked.

Some of the choicest songs of the Russian composers, some, no doubt, to be heard here for the first time, have been chosen to make the program one of variety and color.

In addition to the local part, there will be a clarinet trio, songs with clarinet obligato and piano solos. The recital will close with the playing of the B flat Concerto of Tchaikowski by Meredyth Young, with Eleanor Knapp at the second piano.

FAREWELL FOR SON

Mrs. Margaret Day entertained with a farewell party at her home on Thompson Hill in honor of her son, Kenneth, who left Saturday to serve in Uncle Sam's armed forces. At the close of a pleasant evening the hostess served refreshments on a festive table done in red, white and blue.

Miss Pauline Rowland presented the honored guest with a gift of money on behalf of those present. Besides a large group of friends from Lander and vicinity, guests included Lt. and Mrs. Elmer Kellerman, newlyweds, Mr. and Mrs. Jack Kellerman, Youngsville; Mrs. Adda Gross, Erie; and Mrs. Young Day is a graduate of Lander High School and well known throughout that section.

REBEKAHS TO SEW

Lady Warren Rebekah Lodge members will meet in their social rooms on Friday afternoon to sew for the Red Cross. The regular tureen, supper will follow at six o'clock and lodge will convene at eight in the evening.

There was a good crowd out last Friday afternoon for the card party given to benefit Rebekah homes. Mrs. August Carlson won high score for bridge and Mrs. Erma Eckardt, second; Mrs. Alice Lander, high for five hundred, and Miss Amy Swanson, second. The special award went to Mrs. Dora Ofele. In charge of arrangements for the dessert luncheon and cards were Carrie McManigle and Lucille Wilson.

IS GIVEN FAREWELL

About 35 friends of Thomas Evans, son of Mr. and Mrs. T. Richard Evans, Cayuga avenue, attended a farewell given in his honor Saturday evening in the S. F. of A. hall. Dick McCarthy's Orchestra provided music for dancing.

Young Evans, who leaves Wednesday for an eastern reception center, is the second son of Justice and Mrs. Evans to enter the armed forces, an older brother, Lt. Richard Evans, being located at present in New Caledonia, South Pacific. Another brother, Louis, in New York, expects to be called for service soon.

MISSIONARY SOCIETY

The Women's Missionary Society of the First Baptist church will meet at 1:30 Tuesday with Mrs. Earl Burbee, North Warren, Mrs. J. H. Cruikshank to lead devotions and Mrs. J. A. Davidson to conclude the study book on Latin America. This program will follow a social hour with dessert. Members are asked to bring materials for making bandages for a White Cross box to be sent this week. Transportation may be arranged by calling Alice Branch, 749-J.
